"Helping business owners
create personal wealth"

Local Business Owners

Are You Happy With Your Current Income and Tax Bills?

Keep the "sticky fingers" of the IRS out of your pockets, maximize profits, minimize taxes, and avoid crippling IRS penalties & interest charges with my rock-solid, up-to-the-minute, tax planning strategies.

Stop wasting hours of valuable time poring through boxes of old returns and supporting documents. Electronic filing of your tax returns all but eliminate costly errors and save hours of your precious time.

Create more personal wealth by growing your company, even now! By implementing sound financial and tax strategies with my Business Development Services, you can live the life you've always dreamed of.

If you are ever audited, let me give you some free advice; Don't ever represent yourself. Great Audit Representation Services will save the hassle and stress the IRS causes you.

Business Litigation caused by the sale of your business, death, or divorce and can be financially and emotionally devastating. I will represent and support you all the way with our own Litigation Support Services!
